DETAILED ACTION

1. This Office Action is in response to RCE, Remarks and Amendments received 14 October 2005. Per Applicant's request, claim 48 has been canceled. Claims 1, 12-14, 17, 28-30, 32, 43-45, and 47 have been amended. Claims 1-47 are pending.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Steven J. Laureanti, Reg. No. 50,274 on 11 January 2006.

Claim 47 is to be amended as follows:

At line 4, insert parallel prior to 'distributed test execution'.

At line 15, insert in parallel prior to 'against a particular'.

The application has been amended as follows:

3. The following is an examiner's statement of reasons for allowance:

Art Unit: 2191

Regarding independent claim 1, as Applicant has noted on page 20, first paragraph and page 21, first paragraph, Parker, Manjure, Estep, and other cited prior arts, taken alone or in combination, fail to disclose:

“a centralized test queue operable to store a plurality of software GUI test instances to be executed by a plurality of parallel, distributed test execution computers...”, “a client controller associated with each distributed test execution computer”, “communicate the retrieved software GUI test instance to the particular distributed test execution computer for execution in parallel against a particular client-server combination...”, “receive a test result for the software GUI test instance from the client controller associated with the particular distributed test execution computer...”, and “store the received test result in a test results database...”

Similar limitations are recited in all remaining independent claims, claims 17, 32, and 47. Thus all remaining dependent claims, claims 2-7, 18-23, 33-38, are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
